ENSEMBLE AUDITION MUSIC FOR BASSOON-- Spring, 2018

Auditions will be anonymous, with all performers screened from the judges' view. Auditionees may be asked to play any of the attached music. Sight reading will also be included in the audition process.

The bassoons have a very prominent role in Brahms' famous Variations on a Theme of Haydn. Please learn the entire piece. Listen to recordings of this piece several times (or stream it from the music library) and note the styles and characters of the music as well as the pitches and rhythms. Also note how the bassoon interacts with the other instruments. Happy Bassooning!
